SHIELD Summer Institute

August 14-16, 2018

Theme: Social Determinants of Health

SHIELD is planning an exciting series of intensive courses for this year's summer institute.

Anticipated* course topics include:

- * Domestic and Sexual Violence
- * Motivational Interviewing/Substance Use 101
- * Planning for Equity
- * Social Determinants of Mental Health
- * Trauma Sensitive Schools

Each course will be designed to provide deep learning opportunities that will meet professional development requirements on effective schooling for students with disabilities and instruction of students with diverse learning styles.

Audience: This is a multi-disciplinary program relevant to all school professionals.

Anticipated training partners: Lesley University; Boston Public Health Commission; Boston University School of Public Health; MASBIRT TTA.

New! SHIELD is now a DESE approved provider of Professional Development.

*Note: Planning is currently in process, all programs subject to change
